## **DETAILED ACTION**

### ***Election/Restrictions***

1. Claims 24-27 and 31-34 withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected group, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 11/09/2009

### ***Response to Arguments***

2. Applicant's arguments, see page 9, filed 06/16/2009, with respect to the rejection(s) of claim(s) 21-23 and 28-30 under Andersen in view of Lee have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a further 112 rejections remain and are provided below for applicant's convenience.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 23 and 30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re claims 23 and 30: recites "...providing a third signal which *can* alert a human operator...." The use of the word 'can' in the limitation is not a positive recitation. It is suggested that the applicant change the claim language to read "...providing a third signal which *alerts* a human operator..."

***Allowable Subject Matter***

5. Claims 23 and 30 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
6. Claims 21, 22, 28 and 29 are allowed.
7. The following is a statement of reasons for the indication of allowable subject matter:  
Please see applicant's remarks in 06/16/2009.
